Journal of Software

Volume 11, Number 9, September 2016

Risk Framework for Open Source Applications Using Agent Oriented Modelling 833

Jo Lyn Teh, Moshiur Bhuiyan, P. W. C. Prasad, and Aneesh Krishna

Exploring the Prevalence and Evolution of Android Concerns: A Community Viewpoint 848

Sherlock A. Licorish

Developing a Collaborative Learning Environment Using Web Services Techniques 870

Amal Al-Abri, Zuhoor Al-Khanjari, Yassine Jamoussi, and Naoufel Kraiem

Using Source Code and Process Metrics for Defect Prediction — A Case Study of Three Algorithms and Dimensionality Reduction 883

Wenjing Han, Chung-Horng Lung, Samuel Ajila

Guiding Search by Singleton-Domain Variables for Constraint Satisfaction Problem 903

Yi Jun Liu

Modular Architecture for Recommender Systems Applied in a Brazilian e-Commerce 912

Allan Vidotti Prando, Solange Nice Alves de Souza

Model Driven Architecture — Issues, Challenges and Future Directions 924

Amna Noureen, Anam Amjad, Farooque Azam

A Comparative Analysis of Software Architecture Evaluation Methods 934

Ali Athar, Rao Muzamal Liaqat, Farooque Azam

Flexible and Adaptive Life Cycle Framework for Software Development 943
Veysi Öztürk

A Method for Efficient Malicious Code Detection Based on Feature Codes 952
Wenshuang Yin, Changcheng Xiang, Dingding Yang, and Shiqiang Chen
